

TEXGUARD®

1 IDENTIFICATION OF THE SUBSTANCE / PREPARATION AND THE COMPANY / UNDERTAKING

Type of product	: Water repellent, stain-protector and anti-dust mite treatment for fabric.
Use	: Professional use, see the technical sheet for more detailed information
Company identification	Manufactured: UK & Ireland: GUARD INDUSTRIE GUARD INDUSTRY (UK) LTD 7 rue Gutenberg 7200 The Quorum 93100 MONTREUIL Oxford Business Park North FRANCE Garsington Road OXFORD. OX4 2JZ Tel: +33 (0)1.55.86.17.60 Tel: +44 (0)870 7345972 Fax:+33 (0)1.48.58.16.89 Fax: +44 (0)870 7345973

2 HAZARDS IDENTIFICATION

Risk phrases	: Harmful: in the event of ingestion can provoke an irritation of lungs.
Hazardous product	: During its use, there is a possibility of formation of a flammable vapour-air mixture.
Primary route of exposure	: Inhalation of vapours.
- Inhalation	: The over-exposure to vapours can provoke coughing and headaches.
- Skin contact	: Not considered as particularly dangerous under normal conditions of use.
- Eye contact	: Eyes contact is probably irritant.
- Ingestion	: Abdominal pains, nausea, respiratory difficulties, chest pain. Cough.

3 COMPOSITION / INFORMATION ON INGREDIENTS

<u>Name of substance</u>	<u>volume</u>	<u>N° CAS</u>	<u>N° CE</u>	<u>N° index</u>	<u>classification</u>
Alcanes C11-C15	Between 25 and 100%	90622-58-5	292-460-6		Xn; R65 R66 R53

4 FIRST AID MEASURES

First aid measures	
- Inhalation	: Take the person into open air.
- Skin contact	: Remove the affected clothes and wash the exposed parts of the skin with soap and water, then rinse in warm water.
- Eye contact	: Rinse immediately and abundantly by clean and cool water, at least for 10 minutes, while regularly pulling up the eyelid. Consult a doctor immediately if the pain, blinking, whimpering or the redness persist.
- Ingestion	: Wash mouth with water. Do not induce vomiting. In case of ingestion immediately consult a doctor and show him either the packaging or the label.

5 FIRE – FIGHTING MEASURES

Flammable class	: Flammable.
Specific hazards	: Can form flammable vapour-air mixtures.
Prevention	: No naked flames. Do not smoke.
Extinguishing media	: Chemical dry products. Moss. Carbon Dioxide.
Protection against fire	: Cool exposed containers with a mist spray of water. Do not enter the fire zone without protection equipment, including respiratory protection.
Special procedure	: Fire can produce a heavy black smoke. Consequently to the thermal decomposition, dangerous substances may be formed: carbon monoxide, carbon dioxide. The exposure to these substances can be dangerous for health.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions	: Supply adequate protection to cleaning teams.
Precautions for the environment	: Avoid any contamination to both sewers and waters. Inform local authorities if the product enters in sewers or in public domain waters.
Clean up methods	: Wash as soon as possible any spreading, collecting it with an absorbent product. Use adequate waste container. Dilute any residue in water. Recover washing waters for a further disposal.

TEXGUARD®

7 HANDLING AND STORAGE

General	: Avoid naked flames, do not smoke.
Handling and storage precautions	: Product to be handled following good industrial hygiene and safety procedures.
Technical protection measures	: Use exclusively anti-tools products.
Handling	: Keep in hermetically closed and correctly ventilated containers, shielded from heat, sparks, bare flames. Keep in a place shielded from fire.
Storage	: Wash hands and other exposed skin areas with soap and water, before eating, drinking, smoking, and before leaving the work.

8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Individual protection	
Respiratory protection	: No need for any respiratory protection equipment under normal conditions of use but do ensure adequate ventilation.
Hand protection	: Wear gloves if repeated or extend contact.
Skin protection	: No need for any special equipment or skin protection in normal conditions of use.
Eye protection	: Wear security glasses with a lateral protection to avoid any damage due to volatile particle and/or to any eye contact with the product.
Ingestion	: Do not eat, drink and smoke during use.
Industrial hygiene	: Ensure an extraction or a general ventilation of the premises to reduce vapours concentrations.
TLV© - TWA [mg/m3]	: No available data.

9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance	: Liquid
Colour	: Colourless
Odour	: Hydrocarbon
pH value	: Not applicable
Boiling Point [°C]	: 180
Final boiling point [°C]	: 198
Density	: 0.75
Vapours pressure, 20°C	: 2.1
Viscosity	: 1.23
Solubility in water [°C]	: Insolvable
Flash point [°C]	: 62
Inferior combustibility limit (%)	: 0.6
Superior combustibility limit (%)	: 6.5

10 STABILITY AND REACTIVITY

Dangerous decomposition products	: The thermal decomposition generates: Carbon dioxide. Carbon Monoxide.
Dangerous reactions	: None under normal conditions of use.
Dangerous polymerisation	: Will not occur.
Dangerous properties	: Can form flammable air-vapour mixtures.
Conditions to avoid	: Heat. Naked flame. Sparks. Direct sun rays.

11 TOXICOLOGICAL INFORMATION

Acute toxicity	
Inhalation	: None in normal conditions of use.
Ingestion	: The ingestion of small amounts of this product can provoke a serious danger for health.

12 ECOLOGICAL INFORMATION

Biodegradation [%]	: OCDE 70% within 28 days.
Potential of bio-accumulation	: Bio-accumulative.
Obstinacy – degradability	: Easily recoverable in aquatic environment.
CL50-96 hours- fish [mg/l]	: 100>.

TEXGUARD®

13 DISPOSAL CONSIDERATIONS

Generality : Dispose the product and its container in a dangerous or special waste collection centre. Destroy in accordance with the current local / national security regulations.

14 TRANSPORT INFORMATION

ADR/RID : Not classified.

IATA : Not classified.

IMDG : Not classified.

15 REGULATORY INFORMATION

Symboles : Xn: Harmful

Phrases R : R52/53: Harmful for aquatic organism, can lead to long-term fatal effects for the aquatic environment.
: R65: harmful: can provoke an infringement of lungs in case of ingestion
: R66: repeated exposure can provoke dry out or cracks of the skin

Phrases S : S35: throw this product and its bowl only by using an usage precautions
: S37: wear appropriated gloves
: S61: Avoid the discharges in the environment. Consult the special instructions / the safety data sheet
: S62: in case of ingestion, do not make vomit; consult immediately a doctor and show him the packaging or the label

Additional Phrases : Contains : -(RS)-alpha-cyano-3-phenoxybenzyl (1RS)-cis-trans-3-(2,2-dichlorovinyl) -2,2-dimethylcyclopropane carboxylate. Can provoke an allergic reaction

Supplementary information : VOC = 720 g/l

16 OTHER INFORMATION

Other data : None

DISCLAIMER OF LIABILITY: The information in this MSDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.
