BUILDING MATERIALS

LEADERS

Guard Industry is a French company that specializes in researching, developing and manufacturing cosmetics for materials. With four product categories, we can offer a complete range of solutions for protecting, decorating, consolidating and cleaning materials.

INNOVATIVE

With 12 active patents in the fields of cleaning, protection, colour and self-cleaning surfaces, we continue to innovate and surprise the construction industry.

EFFICIENT

Guard Industry's expertise in oil and water repellency allows us to provide a ten-year worldwide guarantee* (insurance contract covered by The AXA Group).

10
YEARS

A ten year
quality guarantee

INTERNATIONAL

Our expertise is recognised worldwide thanks to our network of 60 distributors and our 5 subsidiaries.

ECO-FRIENDLY

Our main objective is to combine chemical ambition with care for the environment and building materials. Our products are designed to meet strict environmental protection specifications.

FOUR EASY-TO-IDENTIFY CATEGORIES

A simple colour code identifies each type of use.

- CLEANING & STRIPPING
- PROTECTION
- DECORATION & PROTECTION
- TREATMENT & HARDENING

PROJECTS REFERENCES ALL OVER THE WORLD

Some project references from Guard Industry approved users:

1. Iberê Camargo foundation, Porto Alegre - Brazil ● 2. Swimming pool deck, private house - France ● 3. Bernini's colonnades, Saint Peter square - Vatican ● 4. Terrace - Canada ● 5. Private house - France ● 6. Tian An Men square, Beijing - China ● 7. Private house - France ● 8. Private house - Brazil

MAKE A DIAGNOSIS

1. FIND EVIDENCES

Defining the problem is essential to finding suitable products to apply. Lichens, moisture, laitances, rising damp, crumbling, soiling... For each problem, Guard Industry offers a two-step solution to clean and protect or treat your surfaces.

CHOOSE THE APPROPRIATE PRODUCT

2. FIND THE APPROPRIATE SOLUTION

Once you have identified the issue, find the cleaner and treatment product to suit your issue and material.

		Guard Industrie solutions		
Diagnosis		CLEAN	PROTECT	TREAT
	My floor is dirty. I want to eliminate soiling and protect my floor with an invisible finish.	Guard Wash® Express	ProtectGuard® Plant-based or ProtectGuard® HD	
	I have cement residues after tile laying. I want to eliminate these residues and protect my floor with a wet finish.	Guard Remover® Eco Efflorescence & Cement	ProtectGuard® WF Premium	
	I have grease marks on my floor. I want to clean and protect my floor with an invisible finish.	Net'Guard® Ultra 4 in 1	ProtectGuard® Plant-based or ProtectGuard® HD	
	My wall is crumbling and has marks of efflorescences (white marks). I want to clean and consolidate my wall.	Guard Remover® Eco Efflorescence & Cement		Guard Hardener® W
	The surrounding area of my pool is slippery. I want to make it non-slip.			Guard Slip Resistant®
	Lichens invade my roof. I want to eliminate them and stop them from recurring.	Guard Anti-M® 24	ImperGuard® Ultra 4 in 1	
	My facade is dirty. I want to refurbish and protect my facade	Guard Wash® Express	ImperGuard® Ultra 4 in 1	

Table above shows a non exhaustive list of issues and solutions. For each issue, read the technical data sheets available on our website.

CLEANERS AND STRIPPERS

Our cleaners bring soiled substrates back to their original level of cleanliness. Once the substrates have been cleaned, protection products can be applied, thus making their regained appearance long-lasting. **Our cleaners are suitable for all materials, including fragile ones.**

PRODUCTS	CLEANING					MATERIALS					
	Marks of moisture	Marks of oil / grease	Pollution	Lichen, algae, fungus, mould	Cement residues, efflorescences	Concrete	Render / Mortar	Natural stone	Artificial stone	Terracotta / Brick	Tiling

Guard Cleaner® Algae & Protect				●		✓	✓	✓	✓	✓	✓
Guard Wash® Express	●		●			✓	✓	✓	✓	✓	✓
Guard Anti-M® 24				●		✓	✓	✓	✓	✓	✓

CLEANERS AND STRIPPERS

NET'GUARD[®] ULTRA 4 IN 1

4-in-1: degreases, cleans, powerful & hyper-active action

- Dissolves stains & marks
- Does not alter the material
- Non corrosive, non irritant

8 m²
per litre

GUARD REMOVER[®] ECO EFFLORESCENCE & CEMENT

Laitances and efflorescences remover

- Powerful cleaner
- No neutralization required
- Non corrosive, non irritant

6 m²
per litre

GUARD CLEANER[®] ALGAE & PROTECT

Destroys green deposits, algae, fungi and protects materials

- 2 in 1 action: cleaning & water-repellent
- Chloride and solvent-free
- Ultra concentrated: 1L = 20L = 100m²

100 m²
per litre

GUARD WASH[®] EXPRESS

Powerful super fast-acting concentrated cleaner for all types of soiling

- Self-cleaning with no rinsing required
- Instant action (30 min)
- Does not alter the material

6 m²
per litre

GUARD[®] ANTI-M 24

Removal of lichens, seaweed, mould and fungus

- Curative and preventive action
- High penetration power
- Residual effects

6 m²
per litre

- chlorine-free
- solvent-free
- acid-free

PROTECTION PRODUCTS

Our protection products offer the best protection for all types of materials. These products are the absolute benchmark for **water-repellent, oil-repellent and anti-graffiti** protection. They prevent major causes of degradation and enhance materials lifecycle.

PRODUCTS	PROTECTION				POROUS MATERIALS					LOW OR VERY LOW POROUS MATERIALS				
	Water / Humidity	Oil / Grease	Stains and soiling	Graffiti	Concrete	Render / Mortar	Natural stone	Artificial stone	Terracotta / Brick	Marble / Slate	Architectural concrete	Granite / Sandstone / Quartzite	Natural or artificial stone	Polished or cristallized materials
ProtectGuard® Plant-Based	●	●	●	●	✓	✓	✓	✓	✓					
ProtectGuard® WF Premium	●	●	●		✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
ProtectGuard® MG	●	●	●							✓		✓	✓	✓
ImperGuard® Ultra 4 in 1	●	●	●		✓	✓	✓	✓	✓					
ProtectGuard® HD	●	●			✓	✓	✓	✓	✓					

PROTECTION PRODUCTS

PROTECTGUARD

PLANT-BASED FORMULA

Plant-based water and oil-repellent for porous materials

- Protects against water and stains
- Bio-sourced formula
- Uncoloured and clear finish

10 m²
per litre

PROTECTGUARD MG

MARBLE & GRANITE

Water and oil-repellent for low and very low-porous materials

- Protects against water and stains
- Abrasion resistant
- Uncoloured and clear finish

20 m²
per litre

PROTECTGUARD WF PREMIUM

WET FINISH

Water and oil-repellent + intense and long-lasting wet finish

- Protects against water and stains
- Gives an intense wet finish

35 m²
per kilo

PROTECTGUARD HD

HEAVY DUTY

Water and oil-repellent for heavy duty floors

- Protects against water and stains
- Abrasion resistant
- Uncoloured and clear finish

12 m²
per litre

IMPERGUARD ULTRA 4 IN 1

Water-repellent, anti-green deposits, anti-stain & mineralizer

- 4 in 1 action: water-repellent, anti-green deposits, anti-stain & mineralisation properties
- Uncoloured and clear finish

8 m²
per litre

TREATMENT PRODUCTS

This range of products is designed to solve problems like **humidity, rising damp, crumbling materials and slipperiness**.

PRODUCTS	TREATMENT					POROUS MATERIALS					LOW OR VERY LOW POROUS MATERIALS			
	Protection against water / humidity	Protection against oil / grease	Protection against stains & soiling	Hardener and mineralizer	Anti-slip	Concrete	Render / Mortar	Natural stone	Artificial stone	Terracotta / Brick	Marble / Slate	Granite / Sandstone / Quartzite	Enamelled surface	Polished or cristallized materials
Guard Slip Resistant®					●							✓	✓	
Guard Hardener® W	●			●		✓	✓	✓	✓	✓				
Guard Hardener® WO	●	●	●	●		✓	✓	✓	✓	✓				

TREATMENT PRODUCTS

GUARD HARDENER[®] W

WATER REPELLENT

Surface hardener and water repellent

- Hardens and crystallises friable materials
- Anti-dusting effect
- High protection against water penetration

3 - 6 m²
per litre

WATER

GUARD HARDENER[®] WO

WATER & OIL REPELLENT

Hardening / consolidating, water and oil repellent

- Hardens and consolidates deeply
- Protection against water and stains
- High penetration power

0.5 - 10 m²
per litre

WATER
OIL

GUARD SLIP RESISTANT[®]

Anti-slip treatment for mineral slippery surfaces

- Very efficient; one application
- Long-lasting effect
- Does not alter materials

8 - 10 m²
per litre
