

STOP'ALG GUARD®

GREEN DEPOSIT REMOVER ELIMINATES GREEN MOULDS, LICHENS, FUNGI AND ALGAE

- ✓ **CURATIVE ALGICIDE TREATMENT**
- ✓ **LONG-LASTING ACTION, NO RINSING REQUIRED**
- ✓ **NO QUATERNARY AMMONIUM, NO CHLORINE**

- ✓ **BIOSOURCED FORMULA WITH 86% ON INGREDIENTS OF PLANT**
- ✓ **ECONOMICAL: 1L = 10 M²**
- ✓ **ROOFS AND FLOORS**

DESCRIPTION

Stop'Alg Guard® is a new-generation curative treatment designed to eliminate all parasitic vegetation (green deposits and traces, lichens, fungi, etc.).

Stop'Alg Guard® is a biosourced product derived from biomass. It has been formulated on the basis of ingredients of plant origin (sugar cane). The use of plant molecules represents an eco-responsible alternative to environmentally damaging fossil resources.

Stop'Alg Guard® contains no toxic or harmful ingredients (chlorine, quaternary ammonium, alcohol or endocrine disruptors). It is compatible with water collectors and plants, and once dry, animals can return. It is also completely harmless to treated surfaces and does not alter their colour.

Stop'Alg Guard® works quickly, in just a few days, and is highly cost-effective (1 litre of product treats 10 m² of surface area).

USE

Ideal for treating roofs and floors made of terracotta, slate, concrete, fibre cement, stone, shingle, wood, painted surfaces, etc.

ENVIRONMENT

Environmentally friendly and ecological:

- Water-based product.
- Non-hazardous and non-toxic.
- 86% of our raw materials come from renewable plant-based resources.
- 96% biodegradable.
- VOC < 1 g/l*.

ADVANTAGES AND CHARACTERISTICS

- Fast, long-lasting algicide treatment
- Economical: 1L treats 10 m² of surface.
- Colourless, does not alter the appearance of the surface
- No contains quaternary ammonium, chlorine or nonylphenol.
- Non-corrosive and non-irritating.
- Compatible with water collectors, plants and animals.

CONTAINERS

4 and 18 litres.

CHEMICAL NATURE

Lactic acid solution.

TECHNICAL DATA

Physical condition at 20°C	: Liquid
Colour	: Colourless
Smell	: None
pH	: 2,6 +- 0,5
Density	: 1.01 ± 0.02
Solubility in water	: Total

HOW TO USE

Surface preparation :

- If the parasitic vegetation is very thick, brush before application.

Application :

- **Stop'Alg Guard®** is ready to use. Always test before application.
- Spray the product over the entire surface to be treated in dry weather.
- Do not rinse and leave the product to act.
- The elimination of micro-organisms is progressive and can take several weeks to
- several months depending on the level of contamination and the and the type of germ.
- If it rains within 48/72 hours after the treatment, it may be diluted and will have to be repeated.

APPLICATION TOOLS

Apply using a low pressure sprayer.

PREVENTION

To prevent future soiling, it is recommended to protect the surface with a protection treatment from the **ProtectGuard®** or **ImperGuard®** range.

COVERAGE

The values below are given as an indication :

10 m² / liter.

CLEANING OF EQUIPMENT

Clean used tools and equipment with water immediately after use.

STORAGE

- Store in a dry place at a temperature between 5°C and 30°C.
- Shelf life: 24 months from the date of manufacture, in unopened original packaging.

RECOMMENDATIONS

- Before using, always read the label and the product information.
- Do not apply to marble, delicate limestone or surfaces sensitive to acids.
- For a perfect application, the product must be used when the temperature of the supports is between 5°C and 30°C.
- Do not apply in rainy or very hot weather. Ideal air temperature between 5°C and 30°C.
- Do not mix with any other product.

HEALTH AND SAFETY

- Respiratory protection: Under normal conditions of use where adequate ventilation is available, no special respiratory protection equipment is needed.
- Hand protection: Wear latex gloves.
- Skin protection: No special protective clothing or skin protection is required under normal conditions of use.
- Eye protection: If there is a real risk of splashing, wear protective goggles.
- If swallowed: Do not induce vomiting. Contact a doctor or a specialist.

KEEP OUT OF REACH OF CHILDREN
